Note:

Fuller Brush Company manufactures most Stanley products right here in the USA. Stanley products that are simply Fuller products with a Stanley label have not been listed, for the most part (see the Fuller line for a cheaper price).

People still ask for Stanley's PERFUMED MOTH CRYSTALS, 8.8oz can for \$8.19 10 years ago, were discontinued years ago in favor of Fuller's Perfumed Deodorant Moth Blocks. We have three scents, #645 Floral, #648 Oriental Spice, and #647 Clean Cotton scent. Use our #465 hang-up case, or if you still have your Stanley can, simply crumble up part of a 12oz \$7 block into your 8oz can and save \$\$! Deodorize your cellar and attic.

Contact us to become a Fuller Brush & Stanley dealer yourself, available only if sponsored by another dealer. Then you order directly with the Company and get a free website.
